

Manufacturers' Loss Your Gain

Particularly fortunate are the people of Canton and Stark County to have the opportunity of buying Clothing, Hats and Furnishings at this Consignment Sale.

The cold weather has produced conditions in the market unknown before in 14 years. Few of us remember such unseasonable weather conditions as have existed throughout the United States in April and May. Manufacturers caught with large spring stocks made up in anticipation of normal weather, have been compelled to unload millions of dollars' worth of goods regardless of cost of production. This unloading has been retarded by the fact that most retailers have been in no position to buy. "The Wardrobe" Chain of Stores were appealed to take these immense STOCKS on CONSIGNMENT with instructions from the consignees—sell what you can for what you can get for it. We don't want the merchandise returned. No Matter how Great the Sacrifice "The Loss Is Ours" you have nothing to lose. CAN YOU CONCEIVE OF ANYTHING MORE LIBERAL? Accept our statement and we say it unhesitatingly, that in our twenty-four years' experience in retailing we have never offered so great an assortment of seasonable brand new up-to-the-minute merchandise at such wonderful LOW PRICES.

RAIN OR SHINE IT WILL PAY YOU IMMENSELY TO COME,

No Evasion : Note the Prices Below : No Misrepresentation

If you are here, you will make money; if you're anywhere else you're the loser.

ANSWER OF HUSBAND

To Wife's Action for Divorce Relates Other Side of Story.

Lewis I. Betts, through his attorney, S. D. Sanor, of Columbiana county, filed an answer Friday to his wife's petition filed in the Stark county courts in which she asks the court to dissolve their marriage contract because of her husband's cruelty and drunkenness.

The husband admits their marriage on September 7th, 1871, and that 13 children are now living, born of their marriage. He says he has always conducted himself as a dutiful husband and father but on the contrary his wife has treated him with extreme cruelty, constantly abused him and at one time struck him with the stove-poker. He claims his wife locked the door of their house and refused him admittance and especially on June 28 when he went home sick he says she turned him out and instead of calling a physician as he requested a police officer was called and he was locked up.

The husband makes the further allegation that his wife was guilty of conduct unbecoming a wife and mother with a certain doctor mentioned in the pleading. He claims his wife and

the doctor conspired together to render his home life wretched. The court is asked to dismiss the wife's petition and award the custody of the minor children to the husband. The parties reside in the east end of the county.

NEW POST CARDS

Either Face of Back May Be Used for Writing of Message.

For years Americans and others have been sending to the United States from foreign countries postal cards and private mailing cards with messages written on the front as well as on the back of the cards, although in this country this advantage has been denied to the users of government postal cards. Some months ago the United States postal laws and regulations were amended so as to give that privilege to buyers of post-cards, but the concession was not made applicable to postal cards.

In order to remedy this inconsistency and to prevent any further confusion and annoyance to the public, Postmaster General Meyer has promulgated an order, effective August 1, 1907, providing that the face side of a postal card may be divided by a vertical line placed approximately one third of the distance from the left end of the card; the space to the left of the line to be used for a message, etc., and the portion to the right to be used for the address only. A thin sheet of paper may be attached if it completely adheres to the card, and such paper may bear both writing and printing. Advertisements, illustrations or writing may appear on the back of the card and on the left third of the front. Postal cards bearing particles of glass, metal, mica, sand, tinzel or other such substances are declared to be unavailable except when inclosed in envelopes with proper stamps affixed, or when treated in such a manner as will prevent the objectionable materials from being rubbed off or injuring the hands of persons handling the mails.

Misses Bertha Zepernick and Ellen Larkins, of Sebring, are visiting at the home of A. Talmage Snyder, of 628 West Third street.

WELCOME HAYWOOD

Thousands Will Greet Union Leader When He Reaches Denver Today.

Denver, Aug. 2.—Nearly all the unions in the city have joined in the plans for honoring William D. Haywood, who was acquitted on the charge of conspiring to murder former Governor Steunenberg of Idaho, on his arrival from Salt Lake City tomorrow. A demonstration will take place in which probably 50,000 union men will take part.

Haywood will be met at the union station and will ride to his hotel in a carriage drawn by six white horses, symbolical of his innocence of the crime with which he was charged. An effort will be made to have Haywood address the populace somewhere along the line of march and submit to a reception when all who wish may shake hands with him. Sunday a crowd will greet Haywood at a mass meeting to be held at one of the gardens, at which time he will deliver an address.

DANCED SIX HOURS

Did Young Couple Who Outfitted Competitors and Won Diamond Medal.

New York, Aug. 2.—Dancing for six hours without a single stop, whirling over a waxed floor from ten o'clock at night until daylight the following day, is the record held jointly by Miss E. Martin of First avenue, and Fred Newman, of East Seventieth street. The terpsichorean feat was performed by the couple at North Beach and had as its reward a diamond medal offered to the winner of the contest.

Dancing what is known as the "Flat foot" waltz, forty couples started in the long distance dancing contest. For several hours the contestants ran a head and head, or perhaps a foot and foot race, but the pace began to tell in time and one by one the tired and weary couples abandoned the chase after the prize. The last couple to leave the floor, after having danced in

actual figures for five hours and fifty minutes, were Miss Martin and Mr. Newman. Neither Miss Martin nor her partner was exhausted from the ordeal. That very day, in fact, the young woman, looking bright and fresh, went to her work at an early hour.

TAMMANY'S BOSS

Sues Magazine for \$50,000 Because of Article Arraigning Organization and Leader.

New York, Aug. 2.—Charles F. Murphy, the leader of Tammany Hall, has filed a suit in the supreme court asking for \$50,000 damages from the Broadway Magazine, because of an article by Erwin Wardenman which appeared in the April number. James W. Osborne, who was Murphy's candidate for district attorney against Mr. Jerome is counsel for the plaintiff. The article is an arraignment of Tammany Hall generally and Mr. Murphy particularly, as its leader, or "boss," as Mr. Wardenman always refers to him. President McKee said the magazine company will try to get William M. Ivin to conduct its defense, which will be justification.
